

REMARKS

This communication is responsive to the Office Action mailed on July 12, 2005 in the above-identified U.S. patent application. Restriction has been required between claims 1-17 (Group I - Electric Motor) or claims 18-49 (Group II - Method).

Applicants hereby elect the invention of **Group I** (claims 1-17).

Applicants have withdrawn claims 18-48, cancelled claim 49, and added a new claim 50. The new claim relates to an electric motor (as do the other Group I claims), and specifies that the at least one molded magnetic body is produced as a sintered magnetic body, wherein a green magnetic body of sintering material is molded onto the back yoke body and the sintered magnetic body is formed by sintering from the green magnetic body molded onto the back yoke body. The Examiner is respectfully requested to examine this claim together with claims 1-17 from Group I.

Examination and allowance of this application is respectfully requested.

Respectfully submitted,
